RELOCATING  
just got a whole lot  
**EASIER.**

Making Your SMART MOVE is as easy as 1-2-3. Getting started is simple.

- 1** WATCH the "Intro to SmartMoves" video provided on this CD, or on the web at: [WWW.SMART-MOVES.NET](http://WWW.SMART-MOVES.NET) it only takes 3-4 minutes.
- 2** GET a free User Account at [SMART-MOVES.NET](http://SMART-MOVES.NET). You'll enter some basic information about your company and move that will generate a customized Smart-Moves Relocation Plan. There's no cost or obligation.
- 3** ENJOY your online Smart-Moves Relocation Plan, that maps out vital milestones, deadlines and a host of other vital issues. Deadlines and tasks will be tracked for you and you'll receive email reminders. We want to help ensure nothing falls through the cracks.

**LEE COMPANY**

LEE COMPANY, INC. started in 1944 with one person, L. Leon Lee, as Lee Refrigeration Service Company—utilizing one vehicle for servicing refrigeration and heating equipment. His vision for business was one that focused on people. He saw superior technical expertise as a critical element to a successful mechanical services business, but only in the way that a path is critical to a destination. It's how you get to the goal, but it's not the goal itself.

That vision has been carried on through three generations and the family-owned company now employs hundreds of people and serves clients nationwide. Lee Company is listed as one of the top 100 mechanical services company in America and was recently named the 10th best company to work for in Tennessee.

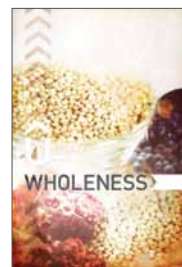

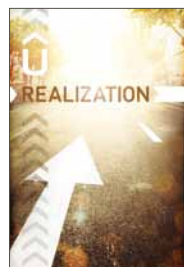

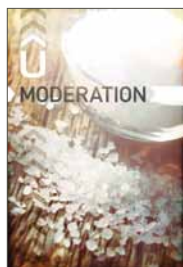

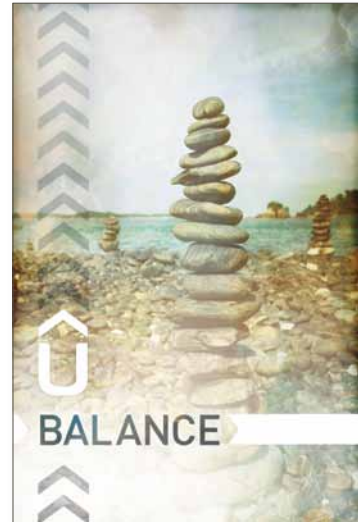

Lee Company... where we earn customers for life.

- CONSTRUCTION
- SPECIAL PROJECTS
- MANUFACTURING
- COMMERCIAL SERVICES
- FACILITY MANAGEMENT
- ENGINEERING
- TECHNICAL SERVICES
- TURNKEY SERVICES
